

A descriptive and informative title

Firstname A. Lastname¹, Another A. Author², Last Author³

¹Department of Mechanical Engineering, University of Fluids, New Zealand

²Division of Fluid Mechanics, Company Limited, New Zealand

³School of Mathematics and Statistics, University of Fluids, New Zealand

Presentation preference: [Oral or Poster]

The abstract should be 100-200 words. The presenting author is underlined, and superscripts are used to group authors by affiliation. A relevant figure from your work (also known as a graphical abstract) is strongly encouraged. The example to the right is a photo taken by Martin Brecht1 (<https://unsplash.com/photos/pVC8A1nfbjE>). Include both the .pdf and the source files (e.g. .tex, .jpg) when submitting your abstract.
